TO SERVE YOUTH AND FAMILIES THROUGH ASSET DEVELOPMENT AND
ADVOCACY, PREVENTION, AND INTERVENTION PROGRAMS THAT STRENGTHEN
FAMILIES AND COMMUNITIES.

County of Erie
MARK POLONCARZ
COUNTY EXECUTIVE

The Erie County Youth Services Division believes strongly in providing opportunities for all young people in our community to thrive and succeed. One way in which Youth Services works toward this goal is by supporting numerous agencies and programs throughout the county which offer positive youth development programs.

Youth development programs serve to provide enriching opportunities for youth to learn, grow and interact with caring and positive adults. Youth development programs have been shown to reduce juvenile delinquency and create better educational, social and economic outcomes for youth.

Erie County's Commitment to Positive Youth Development extends to the summer months as keeping youth engaged in fun, enriching and educational programs during the summer is critical to their success during the school year.

This year Erie County has provided funding to 65 local non-profit youth serving organizations to provide summer programs for youth throughout Erie County. We created this resource guide so that Erie County families could learn about and access the many wonderful programs that will be taking place in our communities this summer.

We hope you are able to use this guide to find a program which meets the needs of your family. Please have a happy, healthy and safe summer!

DESCRIPTION OF PROGRAM/SERVICE OFFERED: Provide children with new social opportunities, creative projects, educational and recreational field trips and sporting activities in a safe, nurturing environment. The Boys & Girls Club of Elma, Marilla and Wales make all efforts possible to offer the best summer recreational program to our community as possible. Parents are very satisfied with our yearly programs so that they are excited about this new summer program opportunity. Programs continue to be safe and fun for all involved.

The Boys & Girls Club of Elma, Marilla and Wales provide recreational programs to at-risk youth. Since our town's covers 99.2 square miles of land, our residents need programming for our youth. Youth would be at-risk if left alone without parent supervision. Rural communities have similar problems as urban communities. Youth need proper guidance and supervision, no matter where you live. Our Club offers programming to keep youth engaged in a variety of interesting activities. Parents need a safe, fun and affordable program for their children while they are at work. Our program offers an all-day summer camp for children grades K-12.

All Day Summer Camp Addresses the Emotional, Physical and Academic Needs of our Youth so the Club has decided to offer extended hours to 6pm Monday – Friday.

DESCRIPTION OF PROGRAM/SERVICE OFFERED:

The Buffalo Urban League's summer "Primetime Learn and Earn Program" has two primary goals. These goals are to first maintain and enhance education and academic competencies through our "learn" activities. Lastly, our goal is to provide exposure to careers and workplace skills through the "earn" placements.

Earn: Through partnership with the Workforce Investment Board and/or Erie County Social services, each participant will be provided a paid summer internship. The internship will be closely matched to the career choice the youth has been pre-identified as having an interest in pursuing. There, they will receive hands on experience and be able to demonstrate the work skills that they will learn throughout the summer program.

The Earn portion of the summer program reinforces job readiness specifically in the areas of communication, life, and job skills. Youth receive the benefit of being mentored during the internship where they can better discern about their career decision choices. Program counselors are available provide on-site support to ensure that youth and employers are experiencing a

successful internship placement. At the end of the completed daily internship, participants report to the Buffalo Urban League for the second part of their summer program day.

Learn: Last year's Prime-Time Service learning Project was a great success. Participants conceptualized, planned and wrote business plans through a partnership with General Motors that was an addition that enhanced motor vehicles. This year we have planned to duplicate this activity with a safety enhancement addition to the motor vehicle.

We also implement our Youth Entrepreneurial Preparation Program that encompasses a 10-week workshop series on entrepreneurship, teaching participants what it means to be an entrepreneur. During the first 8 Weeks, participants will work in teams to conceptualize an innovative idea for a safety addition to a General Motors vehicle. At the end, participants will compete in an "Innovative Idea and Business Plan Competition", presenting the products or ideas that their team has developed. The winner of the competition will have the opportunity to present their research at the 43 North competition held annually.

DESCRIPTION OF PROGRAM/SERVICE OFFERED: Mentor: National Mentoring Partnership explains the role of a formal mentor:

“In a structured mentoring program, a supportive individual works with a youth to build a relationship by offering guidance, support, and encouragement to cultivate the youth’s positive and healthy development...” A mentor is part of a team of caring adults. A mentor's main purpose is to help a young person define individual goals and find ways to achieve them. Since the expectations of each child vary, the mentor's job is to encourage the development of a flexible relationship that responds to the mentor's and the young person's needs. By sharing fun activities and exposing a child to new experiences, a mentor encourages positive choices, promotes high self-esteem, supports academic achievement and introduces the young person to new ideas.”

Weekly small group activities that provide transportation and a short-term mentor will be offered to unmatched youth on Compeer’s Engagement List, with permission from the parent/guardian, and willingness of the youth. We are prepared to offer programming **afterhours**. Compeer mentors meet with their mentees in the community — typically for 2 to 3 hours per week, for at least one year –at times convenient to both.

DESCRIPTION OF PROGRAM/SERVICE OFFERED: Buffalo PAL will operate a Say Yes Summer Camp program at two City of Buffalo community center sites and one at a BMHA site (Martha Mitchell). **The three Community Center sites will operate the Say Yes Program in the morning from 8am-12pm, Monday through Friday and these students will be offered the opportunity to participate in the Primetime program in partnership with the City of Buffalo and the Buffalo PAL from 12pm-5pm, Monday through Friday and some weekends.** These programs will operate in addition to Erie County Summer Primetime program. These programs will work collaboratively to support students in all youth development areas. These two programs will be closely aligned and complement each other; especially in the completion of the Reading Rules! Program. It is our proposal to utilize and overlap staffing and academic supports to complete the program. This alignment will also be beneficial to the families at the Martha Mitchell, Machina and Hennepin Centers. Last year, the Buffalo PAL Say Yes summer program administered post survey to the parents in the Say Yes Program. Families really wanted a full day opportunity for their children in grades K-6th. This alignment will fulfil a community gap needed in youth programming in these two areas of the community. All other centers will operate from 10am-6pm, Monday through Friday.

Buffalo PAL has not previously been funded to support the 7-city wide community centers over the summer months. This Primetime opportunity will expand the support of Buffalo PAL by not only providing program aides to support the centers, but also expand the youth development programming for the youth in each community. Buffalo PAL offers these programs and partnerships throughout the school year, but the summer would give us more time to fully engage our youth in literacy, STEM, sports and fitness, computer technology, mentoring, culinary arts and educational fieldtrips.

DAYS/HOURS OF OPERATION: Monday –Friday 10am-5pm and 8am-5pm*

The JFK Community Center is located at 114 Hickory Street.
The Lanigan Community Center is located at 150 Fulton Street.
The Lincoln Community Center is located at 10 Quincy Street. .

DESCRIPTION OF PROGRAM/SERVICE OFFERED: The Seneca-Babcock Community Association will kick off the summer “Primetime” Youth Program with Play Streets Babcock, an innovative program designed to combat childhood obesity by creating unique spaces for fun outdoor play. Activities will take place on July 6th from noon to 4 p.m. on Seneca Street between Orlando and Babcock. The play area will be blocked off to vehicle traffic. Play Streets will create a safe and accessible space for people to walk, ride bikes, dance, play sports and games, and have access to healthy food. Highlights of the event will include breakdance performances and workshops, fencing workshops, a climbing wall, hula-hooping, games, bike safety checks and more.

The mentoring, gang, violence and bully prevention portion of our program will offer early intervention and prevention services through mentoring “High Risk” youth in grades Kindergarten to 12 who are at risk of educational failure, teen pregnancy, truancy and juvenile delinquency.

The SBCA offers daily access to a broad range of programs in five Core Program Areas:

- Education and Career Development
- Character and Leadership Development

WEBSITE: <http://www.wedibuffalo.org>

DESCRIPTION OF PROGRAM/SERVICE OFFERED:

The overall goal of the Summer Enrichment Program is to continue the momentum of WEDI's FLY and

ENERGY after-school programs, exposing at least 52 refugee students to fulfilling activities and academic enrichment that engages the mind, body, and spirit. Caring and committed staffers dedicate time to helping the students become healthy, successful, and responsible adults through diverse programming and a commitment to education.

As part of the summer programming, students will have the opportunity to practice academic skills daily. Staffers conduct the program in English, allowing students to grow in their ability to speak, read, write, and comprehend the language. The Summer Program will tailor academic experiences to fall within the scope of each week's theme. This year, the summer program theme is "Jobs in America." Each week students will tackle a different area related to American jobs.

Here is a breakdown of planned weekly topics:

- Week 1: Architecture and Construction
- Week 2: Technology and Computers
- Week 3: Health and Medicine
- Week 4: Trade and Service
- Week 5: Public Safety
- Week 6: Review Week

During the "Jobs in America" time, ENERGY students (grades 1-5) will participate in a read-aloud and follow-up discussion. In the "Literacy Stations", ENERGY students participate in activities such as level-appropriate phonics lessons, reading a new book with a volunteer, and engaging in a theme-related writing prompts. For FLY students (grades 6-8), the "Jobs in America" time will build on the week's thematic vocabulary and knowledge through group and individual activities. The program will host guest speakers who will be able to talk more in-depth

County of Erie
MARK POLONCARZ

about the above topics. The students will compete in themed review games at the end of each week to test what they learned. They will learn more about opportunities in Buffalo and what it means to be an active and responsible community member. During the final week of program, FLY students will work on completing a final presentation on a job or career path of their choice, which they will also present at the summer-end Talent Show.

We will also offer “Literacy Club” for FLY students to participate in either a typing class or Beginner Reader class. The Typing class, which will also be available to ENERGY students, will allow students to work on their typing and computer skills. For the Beginner Reader class, staffers provide time to read skill-level appropriate material, discuss what students have read, and actively participate in creating their own literature.

Students will participate in organized sports activities daily during gym, playing soccer, kickball, dodge ball, and other games. Staffers also take the children to the Centennial Pool at LaSalle Park to swim or use the splash pad every week. In addition, students can choose to participate in clubs such as African Dance, Art, Fitness, and Dream Journaling.

We will also take the students on weekly field trips.

DAYS/HOURS OF OPERATION: 11:00am-3:30pm

DESCRIPTION OF PROGRAM/SERVICE OFFERED:

YWCA WNY's Kid's Choice Summer Camp is an out-of-school program with a priority focus on improving literacy and math skills for the campers. On a daily basis, camper's participate in the Mayor's Summer Reading Program, providing academically enriched programming in a fun and engaging fashion. Kid's Choice Summer Camp will also include a focus on developing math skills. Each week at camp will include one day designated as "Math at Camp" day. Developmentally appropriate, creative math activities will be woven into everything from story/reading time to recreational activities. Monetary lessons will be incorporated into the Awards and Incentive component of the Summer Reading Program. YWCA WNY is also partnering with Say Yes Buffalo to implement and integrate the Say Yes Buffalo Summer Program in our Kid's Choice Summer Camp.

YWCA WNY appreciates the impact that a positive sense of community can have on a child. The program will bring this to life for the campers through community collaborations, project-based learning, weekly themes and activity content and inviting in weekly guest speakers from around the community. Kids Choice Summer Camp will introduce several different activity clubs this year, including: Wellness, STEM, and Art.
